In re Patent No. 6,604,324  
 Issue Date: August 12, 2003  
 Application No. 09/444,546  
 Filed: November 22, 1999  
 Atty. Dkt. No. 29967US1

: REQUEST FOR INFORMATION

This letter is in response to the petition under 37 CFR 1.378(b), filed September 13, 2011.

Prior to a decision on the merits of the petition under 37 CFR 1.378(b), additional information and/or supporting documentation is required.

Petitioner is given **TWO MONTHS** to comply. Extensions of time under 37 CFR 1.136(a) or (b) **will not be permitted**. The reply to this letter should be directed to the Office of Petitions.

Any petition under 37 CFR 1.378 must be signed by an attorney or agent registered to practice before the U.S. Patent and Trademark Office, or by the patentee, the assignee, or other party in interest. A person or organization whose only responsibility insofar as the patent is concerned is the payment of a maintenance fee is not a party in interest for purposes of 37 CFR 1.378. If the petition is signed by a person not registered to practice before the Office, the petition must indicate that the person signing the petition is the patentee, assignee, or other party in interest. An assignee must comply with the requirements of 37 CFR 3.73(b) which is discussed in MPEP § 324.

As petitioner herein does not appear to be an attorney or agent registered to practice before the USPTO, the patentee, or assignee, prior to a decision on the merits of the instant petition, petitioner must establish herself to be a proper party in interest.

Further, it is noted that the facsimile cover sheet accompanying the instant petition indicates that the petition itself is six pages. Petitioner is advised that the USPTO received a total of five pages, including the facsimile cover sheet. Thus, if further documentation was intended to accompany the instant petition, petitioner may wish to submit such additional documentation in conjunction with petitioners' response to the instant letter.

## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

## 8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

## 9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.
